#### Twitch.tv Streamers

<https://novaruu.com/>  
<https://kaitlyn.shodyra.com/>  
Destiny.gg llc  
Web applications created for multiple twitch streamers including websites, automated bots for programs such as Discord, and administrative interfaces for ease of updating and editing. General technologies used are ReactJS, node.js, couchDB, and AWS S3.

#### Ashley Masur

<https://delilahs2ndchance.org>  
<https://ashleywildcat.com>.  
Delilah's 2nd Chance is a non-profit 501(c)(3) animal rescue organization. Ashley Wildcat is an alias used for independent modeling and wrestling work.

#### University of Waterloo

<http://www.eng.uwaterloo.ca/~jejmccclu/>  
This site was built for the University of Waterloo's Department of Mechanical & Mechatronics Engineering. The site includes the current information and instructions for applicants, and shows past applications submitted in previous seminars.

## EXPERIENCE II

---

### Kingsfield Inc, Intern (July 2012 - August 2012)

Duties included data entry and information organization alongside communication with various clients. Assisted in sales projects for the general growth of the company.

### Why Not Smile, Intern (July 2013 - August 2013)

Utilized HTML/CSS, PHP, jQuery and FTP Server Hosting to assist in creating and editing company products and services such as an online database for available books and resources.

### Why Not Smile, Developer (2016)

Edited client projects such as whynotsmile.com, toocoolforschool.us, Edward Leida's 2017 updated site, and the Dr. Jart+ Skincare newsletter using HTML, CSS, Javascript, and PHP. Projects were completed efficiently and in a timely manner to meet deadlines, and were edited to meet clients' needs.
